SURVEY OF INDIA'S EXPORT POTENTIAL OF MARINE PRODUCTS

VII -i Questionnaire for an Exporter of Marine Products

1. Primary level of production  
(Fishing Activities)

1. What is the volume and value  
of raw material procured  
during

Qty: in Kgs  
Val: in Rs

<u>1965</u>		<u>1966</u>		<u>1967</u>		<u>1968</u>	
Qty	Val	Qty	Val	Qty	Val	Qty	Val

i) Through on  
boats

ii) Through  
purchases

a) Fishermen

b) Agents

c) Cooperatives

d) Peeling Sheds

2. Please indicate average  
price of raw material paid  
to each supplier (preferably  
monthly averages for the  
last two years).

3. What problems do you face  
in acquiring raw materials  
from these sources? Do you  
have a preferred source of  
supply apart from own boats?  
Why?

4. Indicate details about the owned boats with regard to:

Total No. of boats/  
trawlers owned (imported  
and indigenous)

Size (length in feet)

H.P.

Types of Engines: Imported  
fitted Indigenous

Cost of each type of boat:

5. Please also supply the data on catch for each type of boat, both total and species-wise for the last four years:

Qty: in Kgs  
Val: in Rs

<u>1965</u>		<u>1966</u>		<u>1967</u>		<u>1968</u>	
Qty	Val	Qty	Val	Qty	Val	Qty	Val

6. Please indicate the operational cost incurred for each boat giving details of the following items for the year 1968.

(a) Direct items of cost:

- i) Volume and value of Diesel oil consumed annually for each boat.
- ii) Repairs of the boat.

iii) Maintenance expenditure of the boat including establishment of the crew, insurance, licence fee, painting etc.

iv) Cost of the net supplied and the repairs done.

v) Salary and wages/share of the crew.

vi) Cost of ice and water supply.

(b) Indirect items of cost:

i) Depreciation of the boat.

ii) Interest charges on fishing fleet investment:

(a) On borrowed Capital

(b) On own capital @ 6%.

iii) Any other items including overheads (specify).

7. How much is your total capital investment in boats gear and other fishing equipment?

8. What is the total complement of crew as well as other labour employed in the fishing operation?

9. What is the performance experience of imported and indigenous engines fitted in your boats? This would be in terms of (comparable Horse Power):

a) Consumption of fuel

b) Repair and servicing required.

- c) No. of trips undertaken
  - d) No. of lay off days.
  - e) Speed and average catch for each type of boat.
10. What proportion does the total annual consumption of fuel for the fleet constitute to the operational cost?
11. Please indicate the types of gear and nets currently utilized by your boats. Are you satisfied with their performance? If no, what type of gear and nets you would like to procure?
12. What are your problems concerning the supply of gear and net:
- (a) Imported:
  - (b) Indigenous:
13. What specific facilities your fishing boats require in actual operations and landing the catch? Indicate the inadequacies in this respect. Do you experience any difficulties in getting repair facilities?

## II. Secondary Activities (Processing)

- | 1. Whether your firm owns:   | <u>Installed Capacity</u> | <u>Utilised Capacity</u> | <u>Own use</u> | <u>Rented out</u> |
|--|---------------------------|--------------------------|----------------|-------------------|
| a) Ice-Plant - if yes, please indicate the installed and utilised capacity including capacity hired out to others. |                           |                          |                |                   |
| b) Freezing Plant - If yes, please indicate the installed and utilised capacity.                                   |                           |                          |                |                   |
| c) Cold Storage space per day per shift.   |                           |                          |                |                   |
| d) Canning Plant - If yes, please indicate the installed and utilised capacity.                                    |                           |                          |                |                   |
| e) Other equipments including refrigerated trucks and insulated vans (imported and indigenous)                     |                           |                          |                |                   |
| 2. What is the general trend in capacity utilisation during the last three years:                                  |                           |                          |                |                   |

1966

1967

1968

(Indicate the reasons for under utilisation of capacity of your plant.)

3. If the firm is not owing any of the plant what arrangement is made for procuring ice, cold storage space, freezing, canning and other processing facilities indicating the expenditure incurred.
4. Is the existing capacity of your plant sufficient to meet your requirements? If not, how do you meet your requirements and at what cost?
5. Do you have any expansion programme of your processing unit?
6. Please indicate the total capital investment made in plant and equipment of your processing unit?
7. What is the total complement of labour-skilled and unskilled employed in your processing unit?
8. What is the gross output of the the end-product of your processing unit during the last three years by quantity and value?

1966	
Qty	Val

1967	
Qty	Val

1968	
Qty	Val

9. What arrangements exist for the peeling of raw material prior to processing? Do you have problems under the existing arrangement? Is it feasible to do it in your own processing unit under better conditions?
10. How do our processing operations and equipment compare with those of foreign countries?
11. (a) To what extent your existing processing unit requires modernisation with a view to improving efficiency and reducing cost? What are the investment and foreign exchange requirements for attaining the necessary improvements?  
  
(b) Do you envisage financial and organisational difficulties in doing so?
12. Please indicate details about the number of cans required in terms of size, number, cost and the supplier.
13. Please enumerate the specific problems you face in regard to supply of cans.
14. What are your other problems in processing such as water supply?

P a c k a g i n g :

1. What are your packaging requirements? How much of these are met internally and how much are imported?
2. What specific problems you face in this area specially with regard to quantity, price, and regularity in supply from indigenous sources?
3. How does your packaging compare with that of competitors particularly in relation to quality and the cost of material used?

F i n a n c i n g :

1. What is the organisational status of your firm?  
priotorship, Partnership, Public Limited Co., Private Limited, ora Cooperative Society?
2. How much is your capital investment in fixed assets?  
How much funds you need as working capital?
3. What have been the sources of your fixed and working capital over the past 3 years?

(in percentage)					
1966		1967		1968	
Fixed	Working	Fixed	Working	Fixed	Working

4. Please indicate the total sales figures for the last four years and the net income for the corresponding year:

(In Rupees)

1965

1966

1967

1968

i) Sale:

ii) Net income:

5. What are the terms and conditions (interest repayment, period, security offered) for raising your loan finance? Do you face any problems in raising the necessary finance for your operations.

6. If you have any future expansion programme, how are you going to meet your financial requirements?

III. T e r t i a r y (Marketing, Transport, Storage etc.)

M a r k e t i n g :

1. How is the gross end product disposed off in terms of overseas markets and internal market?

2. How much exports your firm has effected during 1965, 1966, 1967, and 1968? Please give the break-up.

<u>Year</u> (If possible month by month for each year)	<u>Variety/</u> <u>species.</u>	<u>Quantity</u> <u>Kgs.</u>	<u>Value</u> <u>Rs.</u>	<u>Unit</u> <u>value</u> <u>realised</u>	<u>Destin-</u> <u>ation</u> <u>market</u>
---	------------------------------------	--------------------------------	----------------------------	--	---

3. What are your present marketing arrangements in major markets of your interest?

4. What is the cost of marketing of your products in terms of commission paid, advertisement and publicity, participation in exhibitions, foreign visits for exploration of the markets etc.? Give information for the last four years.

1965

1966

1967

1968

5. What specific problems do you face in marketing your products in major overseas markets, such as (a) Competition: (i) pricewise, (ii) Quantity-wise, etc.?

b) Difficulties in meeting consumer preferences.

c) Import restrictions and regulations.

6. With reference to your existing items of export, what potential do you visualise for the immediate future (4th Plan period) and by the end of 5th Five Year Plan in relation to major overseas markets.

7. What efforts you have made in promoting the sales of new items and improvement of product development of the existing items in internal markets and overseas markets?

Percentage of market  
expenditure

i) Internal :

ii) External :

8. In order to prevent competition among Indian exporters and to realise better price do you consider it worthwhile to have a joint market programme with reference to a market? Or do you suggest alternative arrangement for the same purpose?

9. How do you get market intelligence? Is it adequate? Do you experience any specific difficulties?

10. What percentage of the existing raw material goes as a wastage? What attempt you have made to develop by-products out of this such as fish meal, fish maws, fish oil, etc.

Transport and Shipping:

1. What arrangements do you have for transportation of raw material to your processing units and transportation of end products to the port of loading for export?
- 2.(a) What problems do you face in transporation of your products upto the export of loading?  
  
(b) How much shortage is attributable on account of transport bottleneck?
3. Is the existing availability of shipping service adequate for different markets?
4. Is the reefer space made available by different shipping lines adequate on different routes?
5. What is the existing arrangement for loading and storage of cargo on board the vessel between exporter and the shipping lines? What difficulties do you experience in actual shipment of the cargo and storage at the port?

6. Do you consider that the existing freight rates charged by shipping conferences operating on various routes reasonable? If not, what percentage they constitute to the f.o.b. value of your cargo?
7. Do you suffer freight disadvantage vis-a-vis your competitors in an overseas market?

Quality Control and Pre-shipment Inspection:

1. What is the existing arrangement for enforcing quality control measures? Is it effective and has it led to better image of the product outside?
2. What are the lacunae in the existing arrangement of quality control? Do you face specific difficulties?
3. What difficulties you experience in fulfilling Port and Customs procedures?

Incidence of Direct & Indirect Taxation

1. What are the direct taxes levied by the Central and State Governments on your firm (such as income tax, purchase tax, etc.).

2. Please state the amount of direct taxes paid annually for the last three years.

1966

1967

1968

3. Do you consider the incidence of these taxes high in comparison with your competitors abroad?

4. What are the various indirect taxes levied on raw materials, and products, equipment and material, etc., used in their operation such as:

a)

b)

c)

d)

e)

5. How much is the total amount per annum paid by way of indirect taxes during the years.

1966

1967

1968

6. How do these various direct and indirect taxes affect?

a) Operational cost

b) Capital investment

c) Competitiveness of your product in terms of f.o.b. cost.

7. What are the inadequacies or weaknesses of the present Export Policy with regard to marine products? What improvements do you suggest?
8. What are the inadequacies and weaknesses of the current Import Policy concerning the processors of marine products? Do you suggest any improvements or modifications in it?
9. How and to what extent your suggestion concerning the export and import policies can favourably affect your cost efficacy, quality etc.?
10. Do you consider the present location of your firm satisfactory in terms of source of raw materials, harbour facilities water and power supply, transport, labour supply, local taxes and community services. Yes/No. Please give reasons.
11. If you were to start another plant where would you locate it? Please give reasons.

P r i c e   D a t a :

1. What are the recent trends in prices of the commodities you export? Please indicate the position with regard to the following years?

1965

1966

1967

1968

2. What factors are responsible for the fluctuations in the prices with reference to major markets?
3. How does your sales prices compare with the price realised by your overseas competitors? (Please provide data on the prices realised by competitors in overseas markets).
4. What are the demand trends of your products in major markets?
5. Indicate the prospects for the export of your products during the next five years.
6. Please provide data on f.o.b. price of your product exported during the last four years.

<u>1965</u>	<u>1966</u>	<u>1967</u>	<u>1968</u>
-------------	-------------	-------------	-------------

- 
1. Please attach separate sheet for your answer if the space provided against a question is found insufficient.
  2. The answers given to the questionnaire would be treated confidential.

INDIAN INSTITUTE OF FOREIGN TRADE  
H-24 Green Park Extension  
New Delhi 16

Survey of India's Export Potential of Marine Products

Questionnaire for an Exporter of Marine Products

Additional Questions related to Raw Materials Costs.

1. What is the amount of wastage (not shell or head removal) in terms of actual material due to decomposition, damage, excess weight to be added to get correct final weight and other defects?
  2. How long is the raw material kept in ice before it is processed? What quantity of ice is used for preservation?
  3. Is there any moisture uptake by the prawn/frogleg meat during icing and transport?
-

CONFIDENTIAL

In Sea Naran	%	%
Kazhanthan	%	%
River Naran	%	%
Poovalan	%	%
Plus	%	loss due to dripping

If PD is frozen straight, % dripping loss.

If HL converted into PD, loss of materials % plus %  
dripping loss.

If HL frozen straight, loss of dripping %

#### 5. Ice Account

A	Total consumption	Value
	<u>1967-68</u> <u>1968-69</u>	<u>1967-68</u> <u>1968-69</u>

Own plant supply 1

Purchase

5B Cost of own ice Production  
(if separate account is kept)

1967-68 1968-69

Operating Costs:

Electricity

Water

Labour

Others

Total

1967-68

1968-69

Fixed costs:

Depreciation of  
Building

Depreciation of  
Ice plant, equipment

Interest on Capital  
involved

Insurance of Plant

Management overhead  
share

Total

Fixed investments:

Building Investment

Value of machinery,  
equipment

Electric System

Other investments in  
ice plant.

1. When own ice is used, how the value is arrived at? Is it the market value or cost of production of ice? Make sure of this;

6. Transportation Account

Inward  
(Raw materials) Rs  
1967-68

Outward  
(Finished Product) Rs  
1967-68

Hired

Own\*

Total

- \* If not separate data on inward vs outward transport costs are unavailable, then ask: Roughly what proportion of total transport effort is for raw materials transport and what % for finished product?

Cost of Own Transportation

1967-68  
Rs.

Operating costs:

Fuel  
Wages  
Repairs, Maintenance  
Others.

Fixed costs\*\*

Depreciation of vehicles  
Insurance  
Interest on Capital involved  
Salaries.

Railway transport.

- \*\* Avoid double accounting by checking whether they are already included in total fixed investment of the company.

7. Processing Plant Labour

1967

A. Pattern and Sources of Imports

1. What is the range of fishery products being currently handled by you? Also indicate your average annual turn-over for different products:

<u>Products</u>	<u>Average Annual Turnover</u>	
	<u>Quantity</u>	<u>Value</u>
a) Fresh		
b) Frozen		
c) Canned		
d) Dried		
e) Others (Such as meal, oil, specialities etc.)		

2. From which countries do you normally import these Products? Indicate approximate shares held by the major suppliers during the last three years.

<u>Product</u>	<u>Country</u>	<u>Shares (%)</u>		
		<u>1966</u>	<u>1967</u>	<u>1968</u>
a) Fresh				
b) Canned				
c) Frozen				
d) Dried				
e) Others (Such as meal, oil specialities etc.)				

3. Please indicate the prices (cif/fob) of the major items handled by you?

<u>Product</u>	<u>Country</u>	<u>Price</u>
a)	1.	1.
b)	2.	2.
c)	3.	3.
d)	4.	4.
e)	5.	5.

4. Why do you prefer to import from the above mentioned sources (Specify by countries/products in terms of quantity, price, established contacts, allowances, margins, etc.)

5. If importing from India, do the products meet your requirements? If not, what are the shortcomings? (in terms of quantity, price business relations, delivery schedules etc.)

B. Terms of purchase and payments

6. What are your buying arrangements for different items? Please specify by countries and products (Consignment/Outright purchase/others)?

<u>Product</u>	<u>Country</u>	<u>Arrangements</u>
a.	1.	1.
b.	2.	2.
c.	3.	3.

7. What are your terms of payment for imports?

<u>Country</u>	<u>Terms of payment</u>
----------------	-------------------------

8. What are the allowances, discounts, commissions etc., allowed in the import transactions?

<u>Country</u>	<u>Product</u>	<u>Commissions/ allowances</u>
----------------	----------------	------------------------------------

9. In case interested in handling Indian items what terms would be acceptable to you? Specify terms by product.

C. Distribution Channels and Sales Promotion

10. What channels do you normally utilise for the distribution of your products? Indicate the percentage shares held by each channel by product.

<u>Product</u>	<u>Channel</u>	<u>Percentage</u>
----------------	----------------	-------------------

a.

b.

c.

d.

e.

11. What are the normal mark-ups on different products at various levels?

<u>Product</u>	<u>Importer</u>	<u>Wholesaler</u>	<u>Retailer</u>
----------------	-----------------	-------------------	-----------------

a.

b.

c.

d.

12. What is the nature of sales promotion done for these products by major exporting countries/companies?

<u>Country/Company</u>	<u>Nature of sales promotion</u>	<u>Annual sales promotion budget</u> (or percentage of sales turnover)
------------------------	----------------------------------	---

13. Do you undertake any sales promotion on your own?  
If so give details.

D. Market Size

14. What is your best estimate of the total current consumption of different fishery products in your country?

<u>Product</u>	<u>Current Consumption</u>
----------------	----------------------------

15. What, in your opinion, is the likely rate of growth of demand for the above items in the next five years?

<u>Product</u>	<u>Growth Rate</u>
----------------	--------------------

16. In your opinion which products are likely to offer good prospects for India? Give concrete suggestion.

## PROCESSORS AND EXPORTERS

### A. Fishing Activities

1. What is the size of your fishing fleet? Give details of size, type, engine and gear, etc. (see Annexure 'A')
2. What is the average duration of fishing trips in relation to types of vessels and fishing methods.
3. Give details about the catch of major varieties of fish, both in terms of value and volume.

<u>Per trip</u>	<u>Per day's absence</u>
-----------------	--------------------------

  - a)
  - b)
  - c)
4. What is the average cost of operation for each type of vessel and method of fishing? (see Annexure 'B')

5. Are the catches discharged/unloaded direct at the factory?
6. Do you receive raw materials from sources other than your own vessels? If so, give details:
7. Are your vessels, engines and other equipment indigenously produced or imported? Give details of comparative costs, if any.
8. What is the arrangement for docking and repairs?

B. Processing

9. What items are processed by your firm? Give details of production for the past three years by quantity and value:

Products<sup>\*</sup> \_\_\_\_\_ kind of fish \_\_\_\_\_

a)

b)

c)

d)

10. What is the capacity of your processing plant in terms of installed capacity and average production? (For freezing, Canning, Ice production, cold and frozen storage etc.)

\* frozen, canned, dried, smoked etc.

11. How much is your fixed investment in the plant?  
Give detailed break up under the following heads:

a) Machinery and Equipment

b) Building

c) Laboratory

d) Transport Vehicles

12. How much is your working capital? Give details about expenditure on management, labour, Power, water, raw materials, packing.

13. Have you evolved any special technique in processing of products? Please specify:

14. How do you utilise the wastage from the raw materials?

15. What are your plans for expansion of production?

C. Marketing and Distribution

16. What percentage of your total production is exported? Give details of exports in terms of varieties and destinations for the last three years.

17. What are your marketing arrangements for exports? Furnish details of terms and conditions of sales, prices realised, commissions/discounts allowed for major products and countries of destination.

<u>Products</u>	<u>Kind of Fish</u>	<u>Price</u>	<u>Commission</u>	<u>Country</u>
-----------------	---------------------	--------------	-------------------	----------------

a)

b)

c)

d)

18. What measures and methods have you adopted for sales promotion both for external and internal markets?

D. Packaging and Quality Control

19(a) What are the different specifications for purchasing materials used by you for internal as well as external markets? Give details:

<u>Product</u>	<u>Kind of fish</u>	<u>Packaging</u>	
		<u>Internal</u>	<u>External</u>

a)

b)

c)

d)

19.(b) Please indicate the types and quality of material used for packaging?

20. What measures of quality control are adopted in your plant and on the finished products with reference to:

- a) In-plant inspection
- b) Pre-shipment inspection
- c) Certification, if any
- d) Agency

21. Who meets the expenses of inspection at various stages?

ANNEXURE B

\*Cost of operations (Trawler/Purse Seine/  
Drifex-Gillnetter, Factory Vessel

Cost of Vessel (purchase price)
